OUR APPROACH

A frame changes *how a piece is seen.*

A photograph holds a memory. An artwork expresses a point of view. A certificate records years of effort. Each deserves a setting chosen with care.

RESTORED CORNER DETAIL

YTK Framing Works Limited brings our family framing knowledge into a new chapter. Based in England, we supply businesses across the UK with frames shaped around their orders and reorders.

A FAMILY HERITAGE SINCE 1970

A craft carried *through generations.*

1970

Yahya Bhai Kanchwala

Skilled in frame design and glass cutting, Yahya Bhai Kanchwala established the shop that became the foundation of our family framing business.

THE NEXT GENERATION

Taizune Kanchwala

That knowledge passed to Taizune Kanchwala and continued through Arwa Frame Works, carrying the craft into another generation.

A NEW CHAPTER

Taher Kanchwala

Today, Taher carries this heritage forward through YTK Framing Works Limited, with an England base and a focus on serving businesses across the UK.

The family heritage began in 1970. YTK is its next chapter.

OUR MISSION & VISION

What matters *deserves a place.*

A handwritten note. A child's first drawing. A certificate earned through determination. A photograph that brings back a familiar voice, a particular place or a moment you wish you could visit again.

> *Even an ordinary piece of paper can hold an extraordinary part of someone's life.*

OUR VISION

To make elegant framing an attainable way for people to celebrate their memories, achievements, art and the small things that carry personal meaning.

OUR MISSION

To help customers find a fitting frame through considered collections, personal attention and thoughtful value, carrying our family's framing knowledge into a new generation.

KNOWLEDGE. CARE. CLARITY.

Considered at every stage.

01 Family knowledge

Our family framing heritage began in 1970. That experience informs how we discuss profiles, dimensions, finishes and presentation with our customers.

02 A thoughtful choice of materials

The range includes real wood and high-quality plastic options. We confirm the material and finish of your chosen reference, rather than asking you to judge it from a photograph.

03 Checks before dispatch

The workshop checks dimensions, corner joints, surface finish and packaging before frames are dispatched.

04 Clear quotations and personal service

A complete quotation within one working day. Our target is 12 hours once we have your design references, sizes, quantities and delivery postcode. We confirm availability, supply options, delivery charges and expected timing before payment.

05 Care that is straightforward

Frame finishes can be wiped with a soft, lightly damp cloth. Avoid soaking, rinsing or harsh cleaning products. Ask us for care advice for your selected finish.
